Comments:

This survey starts on the Buffalo River next to Ponds Lodge, at the Brimstone Trail Park and Ski Area. It follows the river ski trail to the power station pond, then crosses the Island Park Dam, and follows the northwest side of the river to intersection 11 of the the Brimstone trail map signs. It stays on the trails that are closest to the river

**Thirteen people signed the signature page, however only 11 actually participated in the count.

*The total miles surveyed should be the amount of shoreline or other habitat that is observed. For a route along a river, it is usually the one-way direction that the vehicle or aircraft travels along the river. On a lake or reservoir, it is the amount of shoreline habitat that is viewed (from one or many viewpoints).
